Where Cybersecurity, Strategy, and Leadership Converge

WHY APOGEE

Apogee Global RMS is led by a U.S. Naval Academy graduate, Marine Corps officer, and retired FBI senior executive (CISSP, Carnegie Mellon CISO) who served as VP & Field CISO at Palo Alto Networks and cybersecurity executive at Google Cloud. Combined with senior leaders from U.S. Army strategic operations and Fortune 500 human capital leadership, every engagement is delivered by practitioners who have held the decision, not studied it. Our **Nexus of Risk** framework treats cyber, physical, and human capital risks as causally interconnected, grounded in COSO ERM and ISO 31000, giving executives a unified risk picture that siloed vendors cannot provide.

CORE COMPETENCIES

Enterprise Risk Operations

Cybersecurity risk assessments (NIST CSF 2.0, 800-53, CMMC, ISO 27001); penetration testing

Incident response planning, tabletop exercises (Praxis); GRC via Vanguard platform

Physical security assessments; third-party and supply chain risk management

Strategy & Organizational Resilience

Nexus of Risk twelve-domain assessments; board and C-suite risk governance advisory

Business continuity, crisis management, and fractional CISO/CRO engagements

RRAG intelligence research, published advisories, and geopolitical risk briefings

Talent Advisory & Human Capital Risk

Leadership assessment (EQ-i 2.0, Hogan, DiSC) via Vantage platform; executive coaching

Human capital risk assessment, workforce continuity, and organizational development

AI leadership training for public safety and enterprise executives (POST-aligned)

SECTORS SERVED

State & Local Gov't | Federal Civilian | Law Enforcement | Financial Services | Healthcare | Critical Infrastructure

REPRESENTATIVE ENGAGEMENTS

State Judiciary (3,000+ employees)	NIST CSF 2.0 cybersecurity risk assessment and remediation roadmap
County Government Agency	Risk management course instruction and leadership development program
Law Enforcement (200+ officers)	Four-session AI leadership training program, POST certification-aligned
Enterprise Real Estate Firm	Cyber risk advisory: vulnerability assessment and governance program
